Who we are

Founded in 1972, **Travis Pruitt & Associates, Inc.** focused on providing high quality civil engineering and land surveying services with a penchant for skillfully managing timely deliveries and structuring budgets. Even as the company has grown, it's never lost sight of its core foundation.

TPA's staff of over 70 specialists in **land surveying, civil engineering, environmental science** and **landscape architecture**, provides an integrated solution for our client's project. Our 46 years of experience and uncompromising principles makes us a leader in our field.

Our People

Employee dedication is the single most important element behind the success of Travis Pruitt & Associates. Over 70 specialists consistently identify ways to solve problems and contribute to our client's bottom line. Continued training keeps our staff members' skills current on the latest technological equipment and software. The company's team approach to projects is a key element in the quality and value we provide to our clients. Projects are led under the direction of registered professionals and clients have direct access to the project managers at any time. The staff's attention to detail and their dedication is the difference between an average project and a great project. company's
